

2019 Commercial & Industrial Program Application for Energy Efficiency Incentives

Hometown savings for your hometown business.

This is a great place to call home. We know your business is a big part of what makes Marshall great!

The City of Marshall is here to help our business customers save energy, lower their energy costs and earn valuable cash incentives just for being more energy efficient.

The first step? Take a look at this application, then give us a call if you have any questions at 269-781-5183.

When you're ready, your application can be submitted one of three ways:

Email

cramey@cityofmarshall.com

Fax 269.781.3835

Mail

City of Marshall Energy Optimization 323 W. Michigan Ave. Marshall MI 49068

City of Marshall Energy Optimization

ph. (269)781-5183

Ready to start your project? Follow these 3 simple steps.

Step #1:	 Request Pre-Approval To ensure that your project is eligible and to reserve funds, please complete, sign and submit: 1. The Pre-Approval Agreement (found on page 3 of this application), completed and signed, and 2. The worksheet(s) that are applicable to your project 3. Estimate(s) with model numbers from your contractor.
Step #2:	Complete Your Project If your project meets the pre-approval criteria, you will receive a letter indicating funds have been reserved. Following the specifications listed in this application, install your equipment within 90 days. All equipment must be installed and operational by December 31, 2019.
Step #3:	 Get Your Cash Incentive Once your project is complete, it's time to request your cash incentive. Within 45 days of project completion, you must submit: 1. The Payment Approval Agreement (found on page 4 of this application), completed and signed, 2. The itemized invoice(s) for materials and any applicable external labor costs.

Invoice must include the following information:

- Contractor's name and contact information
- Customer's name and contact information
- Date of invoice
- Line item cost for each product
- Quantities of each product
- Complete product model numbers

Please submit your documents one of three ways:

FAX 269.781.3835

Pre-Approval Agreement

Pre-Approval Agreement

As described in Step #1 on page 2 of this application, please complete and submit this page, along with the appropriate worksheet(s) and estimates with model numbers from your contractor, before you begin your project. If you plan to install the equipment yourself (as opposed to hiring a contractor to do so), please submit an estimate for the cost of the equipment from a supplier or distributor. If your project meets the pre-approval criteria, you will receive a letter indicating the funds have been reserved. You can then proceed with completing your project, as described in Step #2 on page 2 of this application.

Certifications and Signature

I certify that I am an eligible City of Marshall electric utility customer and that the efficiency measures in this application were installed in this facility in 2019. I certify that I have read and complied with the Terms and Conditions of this application. By submitting this application, I understand that this facility may be inspected by employees or contractors/subcontractors of the City of Marshall to verify installation of any and all measures applied for in this application and that the project follows all program guidelines.

EXTERIOR Lighting

Incentive is available for the replacement of an exterior HID fixture with an Induction, or LED fixture.

Incentives are based on the wattage savings per fixture. Incentives are separated by fixtures that operate 24/7 (8,760 hours annually) and fixtures that operate less than 24 hours per day. Existing wattages must come from the Standard Wattage Table listed above.

Dusk to Dawn Exterior Fixtures HID exterior fixtures replaced with LED	Existing:	Wattage:	\$0.25/ watt reduced	Incentive:

Compressed Air Worksheet

Measure	Specs	Quantity	\$ / Unit	Total
Compressed Air Equipment				
VSD Air Compressor (< 301 HP)	Replacement of constant speed compressor with rotary screw compressor controlled By a VSD.		\$100 / HP	
Refrigerated Cycling Thermal Mass Air Dryer	Available for replacing a non-cycling		\$1 / SCFM	
Variable Speed Air Dryer	 refrigerated air dryer with a cycling refrigerated dryer of equal capacity. 		\$1.50 / SCFM	
Engineered Nozzles	A new compressed air nozzle installed on an open pipe or tube.		\$100 / Nozzle	
Flow Controller	The actual air compressor discharge pressure set point must be reduced by 5 psi; must be a minimum of 50 horsepower.		\$1.50 / HP	
Desiccant to Refrigerated air dryer	New externally heated or blower purge air dryer replacing a desiccant dryer. Not allowed on inlet modulating compressors.		\$4 / SCFM	
Heat of Compression Air Dryer	Waste heat from oil-free air compressor used to regenerate desiccant dryer		\$4 / SCFM	
Compressed Air Storage Tank	Existing system must have less than 3 gal/ cfm of storage. New tank must offer >5 gal/ cfm of storage		\$30 / CFM	
/ariable Displacement Air Compressor	New variable displacement screw compressor replacing a screw compressor with modulated or load/no load control.		\$35 / HP	

Compressed Air Energy Audit and Leak Reduction

Incentives are available for **the repair of a minimum of 50% of leaks documented in a leak audit** of a compressed air system which was performed by a qualified, independent contractor. The leak repairs can be completed by the customer or the contractor. The customer is responsible for presenting pre-approval evidence for needed leak repairs through a qualified compressed air audit and a spreadsheet which details each leak location, estimated leak volume and date of inspection. Upon completion of project, customer is responsible for presenting evidence of completed leak repair through leak repair tags and a spreadsheet detailing location, date of repair, leak volume repaired and person who completed each repair tags are expected to be left in place for a minimum of 30 days should a program personnel request a site visit for a post inspection and repair verification. No leak reduction repairs can be started before written pre-approval is received.

Project Completion Results (must be accompa	anied by spreadsheet detailing repai	rs and final invoici	ng) \$15/HP INCENTIVE

Must include a passive infrared occupancy sensor to turn off fluorescent lights and vending machine systems when surrounding area is unoccupied for 15 minutes or longer. Control logic should power on the machine at a minimum of every 2 hours to maintain proper product temperature.		\$40 / Unit			
Low-Flow Pre-Rinse Sprayer (Electric Water Heat Only)	Low-flow pre-rinse sprayer using less than 1.6 gallons per minute must replace a sprayer which uses 2.2 gallons per minute or more. Electric water heat only.		\$25 / Unit			

Custom Worksheet

These incentives are available to customers for energy-saving measures that are not covered by the prescriptive portion of the program. Custom incentives are based on the first-year energy (kWh) savings.

When applying for pre-approval of a custom project, you must submit the following items:	
 Completed and signed Pre-Approval Agreement (page 3) Completed Custom Worksheet (below) Itemized quote/proposal for all related materials and any external labor Manufacturer's specification sheets for all equipment Custom calculations detailing the estimated energy savings 	Custom Incentive Rate \$0.07 / kW

Custom Project – Item 1		
Before Retrofit	After Retrofit	Electric Rate (\$ / kWh):
		Calculated Annual kWh Savings:
		Measure Cost:
		Payback Period*:
		Calculated Incentive:

Payback period must be greater than or equal to one (1) and less than or equal to eight (8) years to qualify for incentive.

Payback period= Incremental Measure cost / (annual kWh Saved x Electricity Rate)

Custom Project – Item 2		
Before Retrofit	After Retrofit	Electric Rate (\$ / kWh):
		Calculated Annual kWh Savings:
		Measure Cost:
		Payback Period*:
		Calculated Incentive:
	Total Custom Measure Cost:	\$
	Custom Worksheet Incentive TOTAL:	\$

(Cannot exceed 50% of the total custom project cost)

Terms and Conditions

1. Eligibility: These incentives are offered by the City of Marshall to commercial and industrial electric customers installing energy efficient equipment only. Offer is good while funds are available and is on a first come-first served basis. For questions regarding eligibility, call 269-558-0329.

2. Incentive Offer: Energy efficient equipment subject to incentive from the City of Marshall must be installed and operational by December 31, 2019. Additionally, invoice(s) related to the equipment upgrade must be submitted to the City of Marshall within 45 calendar days of installation (completion) and no later than December 31, 2019. Please keep a copy for your records. Incentives are calculated based on prescriptive incentive rates and shall not exceed the total cost of equipment, labor, and other associated project costs.

3. Project Documentation Requirements: Customer will have to provide the City of Marshall with the documentation as listed in the instructions (page 2). If Customer does not provide the required project documents to the City of Marshall at pre-approval and payment stages, the project may be disqualified from the program. The project may also be disqualified if pre-approval is not received, unless otherwise noted on the application.

4. Energy Efficiency Improvement Qualifications: Increased energy efficiency resulting from peak shaving, demand limiting, or operating schedule changes does not qualify. To qualify, lighting equipment must have a planned minimum usage of 1,800 hours per year. Non-lighting equipment must have a planned minimum usage of 1,500 hours per year. If Customer's equipment does not meet required usage hours per year, an incentive cannot be offered. If Customer has questions or concerns about above qualifications, Customer may contact the City of Marshall's Electric Director to discuss.

5. Incentive Limit: Prescriptive project applications may receive or cumulate a maximum of \$10,000 per electric meter each calendar year. Incentives for measures can be up to the purchase price of a specific measure but shall not exceed the incentives set by the City of Marshall for each measure on the application Worksheet(s). Custom project application may receive a maximum incentive of \$10,000 per electric meter each calendar year. Custom incentives are limited to 50% of the total project cost.

6. Compliance:

a. All projects must comply with applicable federal, state and local laws.

b. All equipment must be new or retrofitted with new components.

c. The purchase and installation of used equipment is not eligible for incentives. Existing equipment must be removed and/or permanently disconnected. d. Equipment must meet specification requirements as defined in application Worksheets and Equipment Guidelines. e. All projects must be retrofit / replacement installation in an existing building (not available for new construction).

7. Payment: Incomplete applications will either delay payments or result in denial of application approval. The City of Marshall reserves the right to refuse payment and disqualify Customer from participating in the program if the customer or their contractor violates any program Terms and Conditions. The qualified equipment must be installed and operating for the rated life of the product(s) or for a period of three (3) years from receipt of rebate, whichever is more. If the qualified equipment is removed or replaced with less efficient equipment, or if Customer cases to be a customer of the City of Marshall during the three (3) years, Customer shall refund a prorated amount of rebate dollars based on the time installed within thirty (30) days of receipt of notice from the City of Marshall.

8. Inspection: The City of Marshall staff will conduct inspection(s) of the project site to survey existing conditions and/or newly installed equipment.

9. Publicity: The City of Marshall reserves the right to publicize Customer's participation in this program, unless Customer specifically requests in writing otherwise.

10. Program Discretion: Incentives are available on a first-come, first-serve basis. Incentive amounts and offerings are subject to change and/or termination without notice and at the discretion of the City of Marshall.

11. Disclaimers: The City of Marshall:

a. does not endorse any particular manufacturer, product, labor or system design by offering this program;

b. is not responsible for any tax liability imposed on the customer as a result of the payment of incentives.

c. does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);

d. is not responsible for the proper disposal/recycling of any waste generated as a result of this project;

e. is not liable for any damage caused by the installation of the equipment and/or for any damage caused by the malfunction of the installed equipment.

12. Indemnification: Customer shall, to the fullest extent permitted by law, indemnify and hold harmless the City of Marshall and their officers, agents and employees harmless from and against all losses and litigation expenses arising out of or resulting from the performance of work hereunder and caused, in whole or part, by any act or omission of Contractor. The City of Marshall shall further be entitled to all cost (which include both internal and external) incurred in the process of enforcing this or any other provision under this Agreement. This provision is not intended and is not to be construed as a waiver of the defense of governmental immunity otherwise available nor is it construed as a waiver of the defense of governmental immunity otherwise available nor entity.

13. Governing Law: This agreement is construed in accordance with Michigan law, without regard to conflict of laws, provisions, and venue is in Calhoun County, Michigan.

14. Intellectual Property: No rights in copyright, patents, trademarks, trade secrets, or other intellectual property are granted to contractor and/or subcontractor except as expressly provided under these Terms. Contractor and/or subcontractor will not register or use any mark and/or internet domain name that contains any City of Marshall intellectual property.
